Production scheduling and logistics control SP 0127/07-17

Accreditation held with merSETA: 20 – MER/ACC/002057

Programme Information

Credits:	12
Duration:	Three (3) Weeks
Minimum no of learners:	8 per session
Minimum Qualifying Criteria:	This unit standard has been developed as part of a progression. It is one of a series of unit standards for activities at and above this level. The credits assigned to it are based on the assumption that the learner is learning what is needed for this unit standard as part of their learning for a range of related unit standards at this level. If they have experience in these related activities but do not have credits for them, they can obtain credits by being assessed through a process that recognises prior learning.
